

Case Presentation:**All That Wheezes Is Not Asthma - A Case of Acute
Intermittent Shortness of Breath**

Dr. Steven Ratcliff received his undergraduate degree from the University of Tennessee, Knoxville and then followed with the University of North Texas Health Science Center, Texas College of Osteopathic Medicine, graduating in 2011. He is currently a chief resident for the 2014-2015 academic year.

Lecture Objectives:

Upon completion of this discussion, the participants will:

1. Become more familiar with the diagnosis and workup of asthma and apply the knowledge to improve patient outcomes.
2. Understand Intrathoracic and Extrathoracic causes of wheezing and become more aware of the indications for them.
3. Increase physician's awareness of causes of groundglass opacities on CT to improve patient care.

Presenter:

Steven Ratcliff, D.O.
