

# Department of Medicine Grand Rounds

## “Diagnostic Evaluation of Common GI Motility Disorders”

**Tuesday, April 7, 2015**

**7:30am-8:00am – Breakfast | Room 137**

**8:00am-9:00am – Lecture | Auditorium**

**UCSF Fresno Center for Medical Education and Research, 155 N. Fresno Street, Fresno, CA 93701**

For the physicians and staff located in VACCHCS, the Grand Rounds lecture can be viewed via live stream in room LC2-34.

**1.0 AMA PRA Category 1 Credit(s)<sup>™</sup>**

Mandeep Singh, M.D. is a Gastroenterologist with special interests in Motility Disorders of the Gastrointestinal Tract such as: GERD, Irritable Bowel Syndrome (IBS), gastroparesis and chronic constipation. He is board certified in Gastroenterology & Hepatology and Internal Medicine. He completed his Internal Medicine residency and a fellowship in Gastroenterology & Hepatology at UCSF Fresno’s Medical Education Program.

### **Learning Objectives**

Upon completion of this activity, participants will:

1. Better understand common GI motility disorders such as Achalasia, non-cardiac chest pain, gastroparesis, bloating/gas, constipation, and incontinence and use that knowledge in practice.
2. Better understand currently available diagnostic modalities like: high resolution esophageal manometry, gastric emptying study/smart pill, breath testing, colon transit study, anorectal manometry, endoanal ultrasound, and apply this to achieve better outcomes.

### **Presenter:**

**Mandeep Singh, MD**

**Assistant Clinical Professor, UCSF**
